
Microsoft Outlook Tips

CREATE RULES

Click on **File**, then **Manage Rules & Alerts** and select **New Rule**. You can choose from several templates, including sorting messages by sender or subject. Rules will run automatically, to reduce the need for manual inbox organisation.

USE EMAIL TEMPLATES

Create an email, then click **File** and **Save As**, selecting **Save as type: Outlook Template**. To use a saved template, on the **Home** tab click **New Items, More Items**, then **Choose Form**. In the dialog box, in **Look In**, click **User Templates in File System** to select a saved template.

ADD HOLIDAYS TO CALENDAR

Go to **File, Options**, then **Calendar**. Under **Calendar options**, click **Add Holidays**. Check the box for each country whose holidays you want to add to your calendar, then click **OK**.

EASILY SET MEETING DATES

In the date fields for creating a meeting, type "three days from tomorrow," "next Thursday", etc.

CONVERSATION VIEW

When Conversations is turned on, messages that share the same subject appear as Conversations that can be expanded or collapsed. To turn on Conversations, go to the **View** tab and select the **Show as Conversations** check box.

USEFUL SHORTCUTS

Ctrl + V to create a new email with copied text
